Blue Star Contemporary seeks applications from artists living and working in Bexar County for three-month residencies in Berlin, Germany. We are pleased to continue this program for the seventh year. In partnership with Künstlerhaus Bethanien, BSC awards four artists annually the opportunity to live and conduct their studio practice in one of the world's most significant art centers, Berlin, Germany.

The four residency cycles are: July 15 - October 8; October 15- January 8; January 15 - April 8; April 15 - July 8. Applicants must be able to attend during any of these time periods. Artists should not apply if their schedule does not allow them the flexibility to attend during any of these time periods and/or for the duration of the residency.

Blue Star Contemporary offers artists exclusive access to the Künstlerhaus Bethanien's renowned international residency program, where our artists are often the only US representatives. This opportunity is only available to Bexar County artists. Applications are juried by a diverse panel which changes every year. BSC covers costs of all program fees associated with residency: studio and living space, inclusion in the internationally-distributed *BE* magazine, curatorial visits, workshop access, etc., in addition to a travel stipend for airfare. Each selected artist will participate in a public program following the completion of the residency. More information about the Künstlerhaus Bethanien can be found at www.bethanien.de/en/

Four artists will be selected by a jury to participate in the Blue Star Contemporary Berlin Residency Program, based on their application consisting of a CV, letter of intent, letter of recommendation, and portfolio.
